PROSPECT IS GOOD FOR MORE FIGHTING

Conditions at Port Arthur are Still Disputed.

Japanese are Being Reinforced on Land and Preparing for Battle.

SKIRMISHING REPORTED DAILY

London, Nov. 18.—The fact that the Russian torpedo boat destroyer Rastoropy (which arrived at Chefoo Wednesday) left Port Arthur much later than the date of Stoessel's published report, which relates nothing later than Nov. 3, is regarded as significant.

Special dispatches from Tien Tsin report a heavy bombardment of Port Arthur as late as Nov. 12. The Telegraph's Tien Tsin correspondent says he has received a report that the Japanese have suddenly advanced in the direction of Mukden from which place they are only 12 miles distant.

Stoessel's Wound.

St. Petersburg, Nov. 18.—Rejoicing over the undaunted spirit displayed by General Stoessel in his telegram of congratulation to Emperor Nicholas on the anniversary of his accession to the throne and officially announcing the failure of Nog's nine-day attempt to present Port Arthur to the mikado as a birthday gift, is tempered by private information that the gallant commander of the garrison has been wounded. Stoessel was struck in the head by a splinter from a shell while he was personally directing a repulse of particularly desperate assault but fortunately the wound is not serious.

No Serious Hitch.

Paris, Nov. 18.—Official advices from St. Petersburg show that the hitch which has occurred in the Anglo-Russian convention for arbitrating the North sea incident is not regarded as serious.

Suspicion Against Chinese.

Berlin, Nov. 18.—The Lokal Anzeiger prints a dispatch from Mukden saying:

It is confirmed from various quarters that the Japanese have double-tracked the railroad from Port Dalney to Liao-Yang. Thirty trains are running daily.

Chinese General Ma has received reinforcements again and has installed further Japanese military instructors. The Russians regard him with deep suspicion and are keeping a sharp watch of his actions.

Holding Out Well.

Chefoo, Nov. 18.—A Russian who has just arrived here from Port Arthur reports that the fortress is holding out well, despite the three months of almost continuous bombardment. He says the report that the Japanese blew up fort No. 2, is incorrect. The Japanese attempted to mine the fort, but the Russians countermined them, blew up the Jap-

Washington, Nov. 18.—Prince Fushimi yesterday visited Mount Vernon, placed a wreath on the tomb of Washington and planted a tree on the old estate of the first president. The trip there and back was made on the president's yacht, the Slyph. As the prince entered and left the navy yard the marines gave him prescribed honors and he was given a salute of twenty-one guns, and two hundred blue jackets on the Hartford stood in the rigging.

TOOK LAUDANUM

MRS. JOHN BULGER WAS SAVED BY ARRIVAL OF PHYSICIANS.

Mrs. John Bulger, of South Sixth street, who it is said, took laudanum night before last with suicidal intent, is getting along nicely and is out of danger. Drs. J. S. Troutman and Bernice Winters were called and found but few symptoms of poisoning. The members of the family thought she had taken the drug. It is claimed a colored woman saw her drink the poison. Domestic trouble is said to have prompted the attempt.

AT ZEIGLER.

Trouble is Expected at Any Time With Strikers.

Benton, Ill., Nov. 18.—Sheriff Stein has received word from Leiter's mines at Zeigler, that serious trouble is hourly expected. Last night guards on the outer stockade were fired upon, and returned the fire but no fatalities are reported.

Col. Breckinridge Worse.

Lexington, Ky., Nov. 18.—Bullets issued at noon state that Col. Breckinridge had a turn for the worse, today grave fears are felt that he will not survive the day. He has not recovered the power of speech.

Japs Repulsed.

St. Petersburg, Nov. 18.—Kuropatkin telegraphs November 16:

"Yesterday evening the Japanese assumed the offensive against our positions near Sinchinpu, but the attacks were repulsed. At about eleven at night the enemy recommenced a fusillade which lasted an hour and a half. Our losses were fourteen wounded."

THREE KILLED BY UNKNOWN PERSONS

Curd Family Wiped Out Near Williamsburg.

Two Brothers Killed and One Mortally Wounded and a Woman Murdered.

A POSSE NOW IN PURSUIT

Williamsburg, Ky., Nov. 18.—Near Cumberland Falls, Geo. Curd was killed, Thomas Curd was fatally wounded and Emma Durham killed, and her body burned in her cabin. The Curd brothers inherited considerable land from their father's estate, and moved on it last summer to care for the timber.

They put the Durham woman on one tract to hold it, and as they were passing near the house were fired upon.

Thomas fell over a bank and crawled two miles home.

George was dead when found. It is supposed the Durham woman was killed to hide the identity of the assailants. A large searching party has gone this morning to the scene.

The Curd family is one of the oldest and wealthiest in the county.

MORE BLOODSHED

Seems Imminent as a Result of Chicago Strike.

Furniture Wagon Drivers Go Out as the Strike Will Spread.

Chicago, Nov. 18.—With seven firms already involved in the strike of furniture wagon drivers, steps were taken today to spread the strike to thirteen other firms of the Furniture Manufacturers' association. The coal teamsters may also join the strike.

If the determination of the leaders is carried out one of the bitterest fights that has taken place in recent years in the local labor world is predicted. The strike opened yesterday with rioting and fighting in the streets and more trouble is predicted, as furniture dealers said they will continue deliveries with non-union drivers and it is expected the wagons will be attacked as soon as they appear in the streets, even though loaded by police. The point at issue is the refusal of employers to sign contracts with the drivers. There is no question of wages involved.

TWELVE KILLED.

Explosion of Gas at Chicago Does Great Damage.

Chicago, Nov. 18.—Twelve men are supposed to have been killed and ten injured by a series of gas explosions today at the plant of the Pyle National Electric Headlight Co., and the People's Gas Light Co. A fierce fire followed the explosion, which partially wrecked the dwellings within a radius of several blocks.

CHAPTER OF CRIME FROM MANY PLACES

Chicago Boy Kills Man and Holds Officers at Bay.

Michigan Man and Wife Found Dead—Two Policemen Shot.

SEVEN ARRESTED IN CHICAGO

Chicago, Nov. 18.—After he had shot and probably fatally wounded Conrad Baxman, in the yard of the latter's home at Bartlett, Ill., William Pollworth, 20 years of age, barricaded himself in the home of his mother and used a shotgun and a revolver to keep the crowd from forcing an entrance. It was not until the sheriff had sent fifteen deputies to Bartlett that Pollworth threw away his weapons and surrendered.

Baxman several years ago informed Pollworth's mother of some boyish tricks the youth had been implicated in and that since that time Pollworth had held a deep hatred for him.

Pollworth is believed to be mentally unbalanced. One year ago he was sent to the Bridewell jail for a year on a charge of shooting his brother, Henry, over a trivial matter.

Two Policemen Shot.

Detroit, Mich., Nov. 18.—Patrolman John Daley was shot and instantly killed shortly before midnight by an unknown man who escaped, and J. D. Picknell, special officer of the Michigan Central railroad who ran to Daley's assistance, was also shot and perhaps fatally injured. Daley discovered two men attempting to enter a store.

Auburn, Cal., Nov. 18.—At the inquiry into the murder of the Weber family, Mrs. E. C. Snowden, aunt of Adolph Weber, testified that Adolph came to her house, shook his fist in her face and said:

"You have stated that I am responsible for the murder of my family. I want you to swear out a warrant for my arrest. Your turn is coming next."

PADUCAH RABBI RECEIVES A CALL

Popular Young Divine Invited to Toledo, O.

Offered One of the Largest Synagogues in That Place.

HAS NOT MADE UP HIS MIND

Rabbi David Alexander, of Temple Israel, has received a most flattering offer from Toledo, Ohio. He has been called to the Reformed Synagogue there, and has a chance to preside over the largest flock in Toledo, and the only Reformed congregation there.

The call came last night, and Rabbi Alexander has not had time to make up his mind what he will do. He has been in charge of Temple Israel for the past two or three years, and from the first made a fine impression on the people of Paducah.

He is a young man who has steadily risen in the estimation of members of all churches who know him, and the call from a city like Toledo is only a fitting recognition of his ability.

Should Rabbi Alexander decide to leave, Paducah will doubtless have the distinction of repeating her experience in the case of Rabbi H. G. Enelow, who was called to Louisville about four years ago.

Rabbi Enelow was for several years in charge of Temple Israel here and his studious work, eloquent and charming manner won him prompt recognition elsewhere, and he is now rabbi of the largest synagogue in the state. He is regarded as one of the brainiest young men of the country, and Rabbi Alexander is a young man of the same disposition, accomplishments and popularity and would doubtless succeed as his predecessor has done.

Rabbi Alexander stated today that he had not made up his mind what to do. He has made many friends in Paducah, and married one of Paducah's most charming daughters, Miss Irene Schwab, daughter of Mr. Lee Schwab. He is naturally very fond of the city, but may decide that it is to his interest to accept the call received last night. He will decide in a few days.

REVOLTING CASE

NO ARRESTS MADE BUT THERE IS MUCH TALK ABOUT IT.

It is understood that a fourteen-year-old girl is mother of the babe left at the home of a Mr. Tucker, in Tyler, several days ago. It is further said that her seventeen-year-old brother is responsible for it. The babe is still at the Tucker home, and will be adopted by them.

The doctor who attended the girl, it is said, lives near Sharpe, Marshall county and when he heard of the baby being left at Tyler took the trouble to ascertain if it was the same one.

Thus far no arrests have been made. The people are said to be poor and ignorant, and in an appalling state of squalor and depravity.

REV. J. H. ROBERTS

PRESIDING ELDER SAID TO BE CRITICALLY ILL.

Presiding Elder J. H. Roberts, of the Methodist church, is critically ill at his home at Eleventh and Jefferson streets, and last night it was thought he would die. Today he is reported better and hopes are entertained for his recovery.

He is a popular minister, and is a son-in-law of Deputy Sheriff H. F. Lyon, and a brother-in-law of Mrs. S. H. Winstead.

DEATH FROM APPENDICITIS.

Walter Clark, the eighteen-year-old son of Mr. Thomas Clark, of the Milam church neighborhood, died last evening of appendicitis and will be buried at New Hope cemetery tomorrow.

PANAMA OUTBREAK WAS SOON AVERTED

Revolutionists Intended to Kidnap President.

The Treaty With the United States Enabled Uncle Sam to Prevent Revolution.

DANGER BELIEVED TO BE OVER

Panama, Nov. 18.—The treaty between the United States and Panama has prevented one more revolution on the isthmus. The rumored coup d'etat by military elements, it seems, was more serious than at first thought. Minister Barrett, after a consultation with the Panama government and General Davis, commander in the canal zone, asked Admiral Goodrich to leave one of the warships of the Pacific squadron here to prevent a possible disturbance.

Yesterday two hundred marines from the Empire camp arrived here. General Huertas, minister of war, has announced his intention to resign, which will clear the political atmosphere. Though disturbances are not feared, under present circumstances Panama is greatly excited.

Reports had it that several army officers, including Gen. Murtas, commander-in-chief of the troops, were concerned. One report says the plan of the revolutionists was to kidnap President Amador.

An outbreak was averted by energetic steps of the government, aided by American Charge d'Affairs Lee.

SOUTH SIDE DOCKS

Ohio Valley Company Sells its Property.

Capt. Dan Finney, the Steamboat Man, is the Purchaser.

A deal was yesterday afternoon completed by which the Ohio Valley Dry Docks, up in Mechanicsburg, near the Paducah Coopers company's plant pass into the hands of Captain Dan Finney, the well-known river man, who owns the towboats Victor and Penguin.

The docks were built more than a year ago by Messrs. Joe Riglesberger, Jim McCarty, R. Cummings, M. Yates and R. S. Barrett, all of the South Side, and had been in operation since.

The terms of the sale are said to be \$6,000 cash. The docks cost originally about \$5,500, and Captain Finney intends to enlarge them and carry on the business on a larger scale.

Mr. Jim McCarty, who has been superintendent of the docks has been employed by Captain Finney to take charge and the change is simply in proprietorship. Mr. McCarty stated this afternoon that the docks would be nearly doubled in capacity to take any size boat and that he intended to get the bulk of the dock business, as much as he could handle.

Capt. Finney is one of the best known and most popular river men in this section, and will make a success of the docks. He is widely known, and will doubtless greatly increase the business.

SAME RATE STANDS.

To the World's Fair From Paducah and Other Points.

Those who have been delaying their trip to the world's fair until a lower rate was made as was expected would be the case, will be disappointed to learn that there will be no further reduction. A rate of three-fourths of a cent a mile for the round trip was suggested by the fair authorities and requested of the railroad officials, but it was refused. The railroad passenger agents held a conference in St. Louis on Tuesday and concluded that maintaining the present rate would be more profitable for the companies than reducing the rate.

DARING EXPLOIT OF RUSSIAN OFFICER

With a Steam Launch He Sank Jap Vessel.

The Japanese Evidently Thought the Destroyer Struck a Mine.

RUSSIAN IS A HERO

Chefoo, Nov. 18.—A Port Arthur newspaper, the Novikrai, of Nov. 11, copies of which were brought to Chefoo by the Russian torpedo boat destroyer Rastoropy, prints brief details of a daring exploit which resulted in the sinking of a four-funnelled Japanese torpedo boat destroyer.

While Japanese torpedo boats and one destroyer were engaged in removing mines, mostly their own, from Tache bay on Nov. 3, Midshipman Dimitrieff conceived the idea that he could torpedo the Japanese boats under cover of darkness, as the latter were very busy and enjoying a fancied security. It was the very audacity of the plan, the Novikrai says, that made it successful. Securing a steam launch from the battleship Retvisan, one carrying torpedo tube and accompanied by half a dozen volunteers, Dimitrieff, in dense darkness slipped out of the harbor and succeeded in evading the Japanese searchlights.

Circling around the Japanese boats with the launch moving at top speed, the midshipman came within striking distance from the seaward side and launched his projectile. It sped through to the destroyer. There was a sudden explosion and the destroyer sank immediately.

Dimitrieff is hero of the day at Port Arthur, according to the paper.

PADUCAH MAN

IS ELECTED OFFICER OF A COAL COMPANY.

Hopkinsville, Ky., Nov. 18.—The stockholders of the Terry Coal and Coke company, of Hopkinsville, held a meeting yesterday, and elected the following officers:

R. E. Cooper, president; L. G. Williams, vice-president and business manager; Brack Owen, of Paducah, second vice-president; Joe F. Garrett, treasurer; L. Haydon, secretary and general manager of mines. Judge Joe McCarroll was elected as attorney and general council.

The company owns and controls over one thousand acres of fine coal and timber land, adjoining the Empire Coal company lands on the north and west, at Empire, Ky., 15 miles north of Hopkinsville.

The company was organized last March by L. Haydon, of Hopkinsville, with \$200,000 capital stock. A new mine has been opened into a 4-foot vein of peacock coal, and a spur track out to the mines contracted for.

OPEN SESSION OF SCHOOL SOCIETIES

An Interesting Programme Has
Been Prepared.

The Literary Societies of High
School Building Will Con-
solidate.

INVITATIONS ARE SENT OUT

On the afternoon of December 9th, an open session of the consolidated literary societies of the High school building will be held and invitations to parents issued. This will be the only open session given by the four societies consolidated this year, and much interest is taken in the event. The teachers in the High school building for convenience and to better the work, divided the literary society into four sections and every two weeks one section meets in session. The pupils and teachers both thought it would be an excellent idea to consolidate and give one big entertainment and have prepared the following program:

The Program.

Recitation, Mr. Norvin Allen.
Piano Duet, Misses Ella Wilhelm and Carrie Ham.
Essay, Miss Dow Gilson.
Vocal Duet, Misses Marjorie Lov-
ing and Lillie Hobson.
Recitation, Miss Sadie Smith.
Piano Solo, Miss Helen Hills.
Debate: "Resolved, That Ameri-
can Statesmen Have Done More For
the Country Than American War-
riors."—Affirmative, Mr. Grover
Burns and Miss Blanche Ingram.—
Negative, Mr. Will Bell and Miss
Eloise Bradshaw.

Impromptu Speeches, Mr. Henry
Cave and Miss Carrie Ham.
Quartette (M. L. Roberts, accom-
panist) Miss Claire St. Johns, so-
prano; Birdie Lee Jones, alto; Carl
Leigh, tenor; Felix St. John, basso.
Recitation, Miss Addie Miller.
Violin Duet, Miss Lucile Perryman
and Mr. Clifford Reddick, Miss Beattie
Seymore, accompanist.
This is one of the most complete
programs ever arranged for a school
literary society meeting and foresee-
ing a big attendance at the entertain-
ment, the teachers and principals
have decided that only those regular-
ly invited will be admitted. Regular
invitation cards will be printed and
sent to parents and relatives of the
pupils. The entertainment will be
given in the auditorium of the High
school, where there are about 200
seats.

Prior to the entertainment, an
election will be held by the school
to name a president of the consoli-
dated societies and the president,
who ever he may be will have a num-
ber on the program. His number
will come in the first of the program.

NEW FRONT

DUBOIS & CO. TO PUT IN A
HANDSOME NEW ONE AT
ONCE.

The front of the handsome DuBois,
Koh & Co. drug store, on Broadway
between Fourth and Fifth streets,
will shortly be remodeled and when
finished will make one of the prettiest
fronts in the city.

There seems to have been an epi-
demic of window front remodeling
since the big Ogilvie store was built.
Weille and Wallerstein followed in
new fronts and now the DuBois store
will step in line.

The entire present front will be
torn out and a new plate glass front
put in with prism lights above and
marble base. The work will begin as
soon as the glass and other material
can be secured, and by Christmas Mr.
DuBois intends to have the work
completed.

Chief of Police James Collins had
telegraphed the Harrisburg men that
Laws had been taken to Madisonville,
Ky., and held for grand jury action,
and they were greatly disappointed,
as they wanted to take him back and

sheets. Polly, her mother and old
Caroline, her negro mammy, wear
their dresses turned back and pinned
behind at the waist. Their heads are
prettily done up in dust clothes and
their hands are charmingly ugly in
old sweeping gloves. The comedy is
all as bright as can be. Miss Thur-
ston will play "Polly Primrose" here
next Monday evening.

Arkansas has often been the theme
of song and story, and no melody ever
written has evolved more genuine
pleasure than "The Arkansas Travel-
er." The same may be said of "Hu-
man Hearts," which is a strong sto-
ry, dealing with life in the Arkansas
hills, only in addition to laughter, it
is mingled with heart interest and
tears. "Human Hearts" will be seen
at the Kentucky tomorrow matinee
and night at popular prices.

"Busy Izzy" had one of the best
audiences of the season at the Ken-
tucky theatre last night. The house
was top heavy to some extent, but
standing room was sold in the balco-
ny, and the lower floor was well fill-
ed. Everybody seemed to be satis-
fied. George Sidney as "Izzy" is ex-
ceptionally funny, and he has a

strong company.

The affair is one of the hodge-
podge that sail under the general
term of musical comedies, but which
do not altogether belong there. It is
rather a lot of songs and choruses
built around a number of vaudeville
specialties. Sidney, in his familiar
character of a Hebrew, displays the
same sort of comedy that made him
popular with Ward & Vokes. How-
ever, he does not monopolize the
stage, but gives full swing to others.
These include Carrie Webber, with
her dances; Fred Wyckoff, with his
"Way Down East" farmer stunt;
Maud Campbell and William Maus-
sey, in their youthful pranks and gy-
rations, and Charles La Maier, that
freakish tramp, whose legs are as
long as his voice is thin. La Maier
has hidden behind his "Happy Hooli-
gan" make-up a voice that is suited
to a better class of music than his
part demands.

The jokes, of which there are many
are frequently those told last year
and some are not of the most refined
order. Yet they are the kind that re-
quire no diagram. This style of
jokes seems always to catch the fan-
cy of people who come merely to
laugh. For instance:
"No. 44 wants to be called at 6
o'clock."
"We're out of 6 o'clock calls."
"Then call him twice at 3 o'clock."
And the crowd roars.

Among the many new songs in
"Busy Izzy" are "Back to Work,"
"Mamselle Han'ee," "I Ain't as Green
as I Look," "I can't Help That,"
"Johnnie Morgan," "Stella," "Pol-
the-rol-rol," "Dreams, Dreams,"
"Spain, Beautiful Spain," "Take a
Little Walk With Me," "Sunbeam
and the Rose" and "Front, Boy,
Front." Besides all these, there are
the individual specialties of the prin-
cipals, Sidney's incomparable paro-
dies.

One of the hits of the show is a
trio specialty by Sidney, Carrie Web-

ber and Fred Wyckoff. "I Can't
Help That," and is on the conversa-
tion-dance order. The characters
are "Izzy," by Sidney; a French sou-
brette, by Miss Webber's understudy,
and "Rube," by Wyckoff. Sidney's
interpretation is as inoffensive to the
Hebrew race as to others. Among
the members of the company are:
Fred Wyckoff, Wm. Maussey, Frank
Gibbons, Thomas J. McMahon, Chas.
La Maier, Harry Pearson, Fred Hum-
phreys, Carrie Webber, Maud Camp-
bell, Louise Mink and Madeline
Broughton. There is a chorus of
thirty pretty show girls, with daz-
zling costumes and bright dances.
Miss Webber, unfortunately, did
not appear here. She broke a bone
in her ankle at Memphis and went on
to St. Louis, where the company
plays a week. She had on an under-
study here.

Our Plan for Saving

We have Home Deposit Safes which we will let
anybody who deposits a dollar with us keep at home to
save small amounts. You can save the small sums
which you usually waste, but which if saved will
amount to a large sum. Every month you can bring
your safe here and the contents will be counted and
placed to your credit. It will earn interest at the rate
of 4 per cent compounded semi-annually. If you only
save twelve dollars a year (one dollar a month) you
will be just that much better off.

One dollar will start an account.

The Weather.

New Kind of Trust.

We hear a great deal about trusts
these days, but there is apparently
none more bold and palpable than the
tobacco growers' combine. The Sun,
along with everybody else, hopes the
growers will get the best possible
price for their tobacco, but it does
not believe that they can legally do
it by combining to pledge themselves
to sell only at certain figures, or to
keep the price up.

All reputable papers denounce mo-
nopoly, and a monopoly in tobacco
selling is no more to be commended
than a monopoly in tobacco manufac-
ture.

If several makers of shoes, hats or
anything else should meet and con-
spire and agree to sell at a certain
price and no less, this would be a
"trust" within the meaning of the
law. If a corporation is organized
and buys up these factories, and op-
erates them as one concern under one
ownership as most of the big "trusts"
do, it is not a trust under the law.

It does not prevent anyone else
who desires, from going into the
same business, and selling at what-
ever price he desires. The only ques-
tion is whether or not small concerns
can compete with large. Usu-
ally they cannot in any business.

As to the tobacco question, how-
ever, the "tobacco trust" is not a
trust. If it had been the government
would have crushed it long ago. It
is merely an immense corporation
that owns most of the small concerns
that were formerly competitors. If
tobacco growers do not like the prices
it pays in the open market for to-
bacco, they do not have to sell. If
consumers of the weed do not like
the prices it charges for the manu-
factured article, they can stop using
it, buy from others, or raise their
own.

When the tobacco growers began
to, however, for the purpose of
keeping up the price of tobacco, they
are violating the anti-trust law. They
are forming an immense combine
that the big so-called tobacco "trust"
is liable to invoke federal laws
against the moment it gets to work-
ing. The price of tobacco, like the
price of everything else, must be re-
gulated by supply and demand, and
quality.

Princeton, Ky., is now boasting
of being one of the few interprising
cities in Kentucky. Princeton at the
recent election voted for waterworks
bonds, while Madisonville turned

down a waterworks proposition. Hop-
kinsville voted down a sewerage propo-
sition. Princeton and Caldwell coun-
ty, as a result, will be the only places
in this end of the state to spend mon-
ey for public improvements as a re-
sult of the recent election.

The Y. M. C. A.

As chronicled in the papers, a
number of the leading women of the
city are making an effort to in some
way revive the Y. M. C. A. The di-
rectors ordered the institution closed
on account of its indebtedness and the
poor prospects of raising enough
money to pay off the obligations and
pay current expenses.

It is a very unfortunate thing, a
sad commentary on a city the size of
Paducah, when one stops and thinks
of it that such an institution has to
close for lack of funds. It may have
been managed badly; it may be the
citizens of the city have not the prop-
er pride and spirit to support the in-
stitution, but whatever the cause the
plan to revive it and put it on its
feet again is laudable and should re-
ceive the support of every one.

The local Y. M. C. A. has done
much good in Paducah. It has work-
ed in its field, reaching a class of
people and doing a work that only
such organizations do, and it is to
be earnestly hoped the efforts to open
it again will prove successful.

The Sun, for one, stands to do its
share and hopes each of its readers
will do the same.

The tribute paid to Senator Fair-
banks at Indianapolis Wednesday
was one of which any American citi-
zen, no matter how prominent, might
well feel proud. At a public meeting
to congratulate him over his election
to the vice-presidency, men of every
political party were present, and he
was introduced by a democrat and
was praised and complimented by all
present, democrats, prohibitionists
and republicans alike. Senator Fair-
banks is not only a man of ability,
but a popular one as well, and one of
the greatest integrity. These quali-
fications always make a man's success
a source of gratification to all, no
matter of what political faith.

A howl is already beginning to be
raised over the slowness of work on
the streets, market house and hospi-
tal, but it is presumed that the best
possible is being done. The weather
has been such as to hardly delay
work a single day since it started,
but progress has nevertheless been
slow. When it gets a little colder
the butchers will join the chorus led
by those who have to go to the tem-
porary market house in the cold. It
promises to be about the coldest place
in town later on. If the entire new
structure looks like the end entrances
when completed, however, we are in
no hurry to have it completed.

Evidently the miserable imitation
gravel placed on the streets of Padu-
cah does not wear out and grind up
fast enough, as the city continues to
pulverize the streets by rolling them
without wetting them.

NOT CONFIRMED

IS REPORT OF FINDING BODY
OF AN INFANT NEAR IRON
FURNACE.

It is reported that the body of a
fully developed white infant, evi-
dently born dead or possibly fatally
dealt with, was found a day or two
ago in a split basket near the iron fur-
nace on South Third street. The
rumor cannot be verified, as no report
was made to either the police or the
noting coroner, and it is not believed
that anyone making such a find would
dispose of the body without reporting
it to the proper authorities.

For the past two days, however, the
rumor has been circulated quite
freely.

THE HENDERSON WAR ENDS

The Henderson theatre war is
over. It is understood the English
Theatre company has disposed of its
interests at Henderson to F. R. Hal-
lam, the Pennsylvania man who
bought \$5,000 worth of the stock and
is resident manager.

President J. E. English, of the
company, has come to St. Louis to do
the fair before he returns to Padu-
cah.

The Henderson Gleaner of yester-
day says of the deal:

"The deal whereby F. R. Hallam
became the purchaser of the 'Eng-
lish,' was completed Tuesday after-
noon as noted in yesterday's Gleaner.
J. E. English represented the English
Theatre company in the deal. He
left town yesterday afternoon.

"Thus ends the theatre warfare
that has been going on for the past
three weeks, and the theatre-loving
public will breathe easy again.

"The new proprietor-manager of
the 'English' promises to book some
of the very best shows now touring
the United States and doubtless Hen-
derson will see those promises ful-
filled to the letter.

"The last chapter of the matter
will be brought to a close next Sat-
urday, and then the English Theatre
company will retire completely from
this field. The consideration was not
made public.

"The Gleaner understands that
there is some talk of changing the
name of the house."

FOREST FIRES

Woods in Flames in Portions of
Marshall and McCracken.

Not Much Damage Done and it is
Hoped to Subdue the Flames Soon.

Forest fires are raging in portions
of Marshall and McCracken counties
as a result of the long drought and the
dry condition of the woods and fields.
Today there is reported quite a con-
flagration in the vicinity of Elva and
Epperson, on the Benton road, and the
smoke is so dense that much of it has
drifted to the city and resembles a
fog.

Last night the burning brush and
woods made a bright light, and many
thought there was a big fire some-
where nearby.

A telephone message this afternoon
from down the line stated that the fire
was not out, but that it was being
fought valiantly by the farmers,
who hope to have the flames con-
quered by night.

Several acres of woods have been
burned already.

torial expression today of its views of
the matter, and it is urged that all

THE CIVIL TERM NOW NEARING A CLOSE

The Juries in Circuit Court Dis-
charged Today.

First of the Suits for Alleged False
Arrest to be Tried, Were Won
by the Policeman.

NEWS OF OTHER COURTS

CIRCUIT COURT.

This morning the last jury case on
the equity docket of circuit court was
finished and all the jurors finally dis-
charged. There remain several im-
portant ordinary cases to be tried and
the regular time for the final adjourn-
ment of court is next week, but Judge
Reed will, it is expected, extend the
time another week in order to clear
the docket.

This morning Officer William Orr
and bondsmen won in the two damage
suits brought by Frank Covington and
Lenn Bethel against them for \$5,000
damages each for false arrest.

Officer Orr arrested the men as sus-
pects and they were later released as
no evidence could be found against
them. The men then brought suits
against the officer and his bondsmen to
recover damages for false arrest. The
case was finished this morning, the
jury returning a verdict in both
actions for the defendant. It is un-
derstood the cases will be appealed.

On motion of the defense, the case of
James Doolin against Officer Gus
Rogers was continued. The boy sued
for \$5,000 damages for false arrest
and confinement in the city prison
when there was no charge against
him.

The case of J. W. Rice against C.
H. Brothers was dismissed.

In the case of George H. Peacock
against the Seacoast Mineral Co., a
judgment for \$200 was filed.

AN INTERESTING SUIT.

A friendly suit has been filed by
Mr. L. E. Girardey against the Messrs.
Wahl to eject them from part of the
building at Third and Kentucky av-
enue, leased by Mr. Girardey from
Mr. Philip Johnson, of Florida. The
terms of the lease, it is claimed, pre-
scribe that should any sub-tenants be
secured whose business resulted in in-
creased insurance rates, the lease
should become void. Mr. Girardey
has a piano factory on the second
floor, and leased the lower floor to Mr.
Henry Mammen, the bookbinder. This
resulted in a slight raise in
rates, which Mr. Girardey himself
paid. Mr. Mammen then rented half
of his floor to Messrs. Frank and Al-
lie Wahl for a wallpaper establish-
ment and laundry office, and the rate
was increased again, and Mr. Girar-
dey, fearing that he will lose his
lease, has filed a suit in Justice
Young's court to secure possession of
the side occupied by the Messrs.
Wahl, and the trial comes up tomor-
row.

CASE ON TRIAL.

Judge C. H. Bush, of Hopkinsville,
special judge in the case of S. B.
Hughes and others against W. B.
McPherson to get possession of the
building at Fourth and Broadway
occupied by Mr. McPherson as a drug
store, refused yesterday to grant a
continuance and took up the case in
the office of Hendrick & Miller.
Attorneys Hendrick and Miller are
attorneys for the defense and Greer
& Marble for the other side. The
case may last several days.
Mr. McPherson leased the
building from the McNary executor,
and the trustees of the City National
Bank subsequently bought the build-
ing and claim in their petition that
the executor had no legal right to
lease the building, hence the lease
should be declared void.

QUARTERLY COURT.

County Judge Lightfoot has render-
ed a decision in the case of K. P.
Dangley against H. P. Hawkins &
Son, giving the former \$60.70. A dis-
agreement arose over the contract
price for some feed stuff, it being
claimed it was not the right quality.

DEEDS.

Mrs. F. E. Unsett deeds to M. D.
and Ada C. Rudolph, for \$240, prop-
erty in the county.

Sallie J. Fitzgerald deeds to N. S.
Stevenson, for a transfer of land in
the county, a piece of land in the
county.

Social Notes and About People.

Miss Martha Green Weds.

Mr. Will V. Green, of the Petter Boat Store, last night received a telegram from Beaumont, Texas, announcing the marriage of his sister, Miss Martha Green, to Mr. George C. Parker, of that place. No details are known and as no intimation had been received in advance, the event was quite a surprise to the young lady's relatives and friends in Paducah.

The bride was formerly a resident of Paducah, and is an eloquentist of exceptional ability. She often appeared in local entertainments, and was popular both socially and as an artist. She left Paducah about three years ago and went south, where she had been since, teaching elocution in several colleges, and residing for a time in Mobile, Ala.

She is a most attractive young lady and while nothing is known here of the groom, it can be truthfully said that he is a most fortunate young man. It is presumed they will reside in Beaumont.

Edits a Paper.

The many friends here of Rabbi Fineschreiber will be interested to know that he is editor of a paper just launched in Davenport, Ia. He is son-in-law of Mr. Herman Wallerstein, of Paducah, and the new paper is called the Tri-City Advocate, and is devoted to the interests of the Jewish citizens of the tri-cities.

Guest of the Mayor.

Mr. Henry Yeiser, one of the prominent business men of Cincinnati, and a brother of Mayor D. A. Yeiser, of Paducah, arrived this morning at 7:30 o'clock from the south, where he had been on business. He is a former Paducahan, but has not resided here for many years. Mayor Yeiser met him at the train, and he went to the mayor's home to remain during his stay in the city. He was recently a member of the Paducah party that was at the gunboat christening in New York.

POSTUM'S TRICK

HOW IT WORKED WONDERS IN ONE FAMILY.

"While I was a tea and coffee user about eighteen months ago I happened to pick up a piece of old newspaper and saw a letter some one had written about the gain in health by quitting tea and coffee and using Postum, and as I was suffering with indigestion and biliousness I decided perhaps Postum would fit my case, so I had wife get a package next day and make some."

"I had been in the habit of taking cold lunches with a bottle of cold tea, but had become so bad I could not digest them, in fact I felt miserable after every meal. Well, I quit both tea and coffee and after commencing to use the Postum I began to feel better at once and have not had a bilious spell since and no more indigestion. I would be more than glad to find something that would make me prosper financially as that piece of newspaper did physically."

"I know it was the cold tea that was causing the trouble and the Postum cured it."

"I want to tell you something about my wife's condition."

"She had been a long-time coffee drinker and her feet were swollen so badly that she could not have a shoe on one of her feet at all and sometimes not either of them, and suffered terribly with constipation. She was treated for kidney trouble but the treatment did her no good at all and she became perfectly discouraged. In a short while after we began to use Postum and quit tea and coffee she began to get better and now she is as good, healthy and fine looking wife as you will find, and I will leave those who read this letter to judge for themselves what did it. I want to say right here we both are often asked what caused my wife's health to improve, and we never fail to tell them that it was using Postum in place of tea and coffee."

"We used to give our boy tea and coffee and he came out with a skin disease until his head was almost a mass of scabs. We took away both tea and coffee and gave him what we drank—Postum—and shortly the trouble left entirely, and all my children, like my wife and myself, are healthy and strong, and the best friends of Postum you ever saw."

Look in each pkg. for the famous little book, "The Road to Wellville."

First Lieutenant" are requested to be at Miller's piano store tonight, for rehearsal, at 7:30. It is urgent that every one be present.

All children who are to take part in "The First Lieutenant" are requested to be at Elks' hall Saturday afternoon at 2:30.

THE CONFERENCE

Yesterday's session of the Memphis conference at Jackson, Tenn., was marked by great interest, and the large accessions of members given in the preachers' reports showed the various charges in a flourishing condition.

An olive wood gavel, made in the City of Jerusalem, was presented to the conference by Rev. J. H. Evans, of Jackson, for Rev. J. W. Irion, formerly of Paducah who was in Jerusalem last spring.

The Rev. W. T. Bolling, D. D., of the Mississippi conference was announced as a transfer to the conference. Dr. Bolling is one of the strong men of the Southern Methodist church and is an eloquent preacher. He will doubtless be given one of the strong churches.

NEW BANKING REPORTS.

There is a probability that Mr. L. S. Dubois, the druggist, will become president of the Paducah Banking Company the first of the year. Mr. H. C. Overby will be vice president and general manager and Mr. Will Hughes in all probability cashier. Changes at the bank have been rumored for some time past, and it has been reported that Messrs. E. P. Noble and H. C. Overby will control the bank after Jan. 1st.

The Way of the Japanese.

(Harold Boyce in Booklovers' Magazine.)

Let us suppose that Washington Irving had been a Japanese author. At his death his relatives would have applied for legal inheritance of his fame, and thus the house of the author of "Rip Van Winkle," or of some similar title would have been founded. In the course of a generation or two, scores of proud Japanese men and women would have claimed direct descent from the renowned man of letters, the trivial circumstances of his having lived and died a bachelor in no wise interfering with the boast of unbroken lineage.

Some women suffer widowhood, some women attain widowhood, but none can be born widows.

EVANSVILLE WILL REMAIN IN
CENTRAL LEAGUE.

Indianapolis, Nov. 18.—The meeting of the Central baseball club managers here resulted in the settlement of only one important question.

As expected the Evansville franchise was returned to that city, it being sold to the recently organized stock company composed of G. W. Bement, Jr., John Walker and Jas. F. Ryan. The matter of salary limit came up and it is probable the limit will be raised to \$1,200 exclusive of the manager, instead of \$1,200 inclusive. It is probable next year's schedule will also call for 140 games.

BIBLE IN SCHOOLS

Owensboro is Now Grappling
With Question.

An Amicable Adjustment There is
Expected By the People.

Owensboro is undergoing a mild controversy over the reading of the Bible in the public schools, and the Ministers' Association has taken up the question. The Messenger says:

The agitation of the question of reading the Bible in the public schools was begun a few weeks ago, principally by Jewish citizens, and has been led by Rabbi Krasnowetz. Dr. Krasnowetz prepared and read a paper before the city school board at its last meeting. The paper dealt exclusively with the legal side of the question and an array of authority was cited as prohibiting such reading of the Bible.

A similar fight has recently been made in a number of cities. In Paducah a motion to prohibit the reading of the Bible in the public schools lacked only one vote of carrying. There was, however, not a Jew on the board. Injunction proceedings were begun, but a compromise was reached through Superintendent Leib, of the city schools, who declared that he would not have the Bible read in the city schools, that the board had merely refused to prohibit such reading without in any way making it compulsory, and that he was at perfect liberty to use his discretion in the matter. In order to avoid litigation that would have interfered with the working of the school, both sides allowed the matter to rest. Some such solution has been reached wherever the question has arisen in Kentucky, and the legal points involved have never been passed upon by a court. It was intimated by one of the leaders in Owensboro that injunction proceedings will probably be begun and Daviess circuit court may be the first to pass upon the vexed question.

FOOTBALL TEAM

SOME OF THOSE WHO WILL
PLAY AGAINST CAIRO.

Mr. John Brooks, who is getting up a football team to play a senior team of Cairo in Paducah on Thanksgiving afternoon, has not completed the line up of his team but has many players to pick from.

Of about fifteen men he has selected the following which will probably constitute the team: John Brooks, Ed Toof, C. Nelson, Lon Davis, Robert Browder, M. Ramage, Grover Land, Kiddie Gerard, E. Hawkins, Clay Kidd, E. Bell, F. Burrows, Will Burns.

He will organize the team and begin practice before Sunday to be in readiness for the game. It is said that the merchants here are getting interested in the game and will likely have a big crowd out to see it. The locals are anxious to win and will work hard to defeat the visitors. Cairo is said to average in weight about 145 and the locals will come within this limit.

CONSTIPATION.

Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having tried Herbine, I find it a fine medicine for constipation." 50c bottle. Sold by DuBois, Kolb & Co.

A Siesta In The Jungle

[Copyright, 1904, by T. C. McClure.]

Major Ridan of the Twelfth native cavalry, India, was hunting in Bengal with a small party, and one afternoon he wandered away from camp a short distance and stretched out under a tree for a nap. He had not slept above a quarter of an hour when he was aroused by what seemed to be the purring of a cat, only the sound was much louder. He had never heard the purr of a tiger or panther, but realized in an instant that one or the other had come creeping upon him as he slept. He was lying on his left side and facing the west, and the beast had come up behind him. The major opened his eyes, but did not move a finger. The beast's nose touched the man's shoulder and snuffed at his face, and the long whiskers on his muzzle tickled the man's cheek, but he did not move. Had he raised hand or foot the beast would have seized him by the neck at once.

The tiger, as was afterward ascertained, had his lair within a few hundred feet of where the soldier was lying. After a minute or two a paw was placed on the officer's shoulder and he was turned over on the broad of his back. Through his eye winkers he caught sight of the paw and then realized that he was in the clutch of a full grown tiger. For the moment he was rejoiced. A panther hasn't the good nature of a tiger and is also more treacherous. A tiger will starve before he will feed on anything that he has not killed with his own paws, while a panther will grab at anything that comes in his way. Between the two the choice was with the tiger, and the major felt almost elated over his luck.

When the man had been turned on his back, the tiger sat up like a dog and purred like the great cat he was. The man had on a hunting jacket with silver buttons. They seemed to be objects of curiosity to the beast, and he touched the six of them in succession and slightly pulled at them with his paw.

The soldier's hat was lying on the grass near his head. The tiger reached for it and began to play with it as you have seen a puppy with a glove or rag. He struck it to the right and then to the left and then jumped after it and seized it in his teeth and gave it a toss into the air. He played with the hat for at least ten minutes and then sat up and yawned and returned to his victim.

Pretty soon a spur on the major's right boot heel attracted his attention. It was of brass and quite new and reflected the rays of the sun filtering down through the foliage. He licked at the metal and hurt his tongue on the rowel.

With a low growl he drew back and for a minute seemed to cogitate. Then he began licking at and biting the strap, which was also new and full of oil, and in a minute or two he had the spur off the boot. He then lay down and chewed at the strap as if he liked the taste, but after a time flung it aside and rolled over on his back and worked his body about on the grass as if bothered with fleas.

The beast was rolling and purring when one of the horses in camp uttered a neigh. The major was watching through half closed lids, and the more the tiger made astonished him. He turned like a flash and bounded six feet into the air, to whirl again and stand head to camp. For five minutes he stood watching and sniffing and growling. His tail was held straight out, his ears lay back, and one paw was held about six inches from the ground as if ready to strike. As the neigh was not repeated the tiger returned to the major.

The major was rolled over at least a dozen times by the tiger, and the beast leaped over him back and forth like a dog at play, and he seemed to get a good deal of amusement out of it and to preserve his good nature. He finally fastened his teeth in the man's hunting belt and lifted him clear of the ground as easily as a man might lift a kitten. If the soldier had not been told over and over again that a tiger eats only what he kills, he would have made sure that he was to be carried off.

He had a revolver in his belt, and as his right hand fell down it encountered the butt of the weapon. He might have drawn it and killed the beast or a shot might have frightened him away, but it was hardly a chance in a hundred. It may be that the tiger was holding the man up to see if there was life in him and was hoping to feel him make a movement. If there had been the str of a hand, death would have been swift and merciless. After swinging the man pendulum fashion for a full minute the beast laid him down as carefully as you please, gnawed the belt in two and pulled it off, and, carrying one end in his mouth, he frolicked away and was hidden by the jungle.

An hour later the major's party had formed a cordon around the tiger's lair and sent in the beaters. At the first uproar the beast charged out with a fierce growl and killed a native with one blow of the paw which had treated the soldier so gently. Three minutes later he wheeled and charged in the other direction, and, though he received bullets from two different rifles, he sprang upon Captain West of the artillery and carried him 300 feet before falling dead. The officer, who had been seized by the neck, was dead long before the tiger gave up the ghost. One of the bullets had cut the beast's heart, and yet he had bounded away with a man weighing 170 pounds in his jaws and seemed to have been only scratched.

FINGER MASHED OFF

I. O. WOODWORKER MEETS WITH
AN ACCIDENT.

Clarence Melber, a wood worker employed in the local I. C. repairing shops, met with a serious accident this morning and will lose part of a finger, as a result.

He was working on a truck when the car was lowered onto his hand. The middle finger of the right hand was mashed off at the first joint but will have to be amputated at the second joint.

The patient was taken to the hospital after the accident and medical assistance rendered.

Mr. Luther Graham, the well known tobacco man, is suffering from a injured foot. His left foot was caught under a hoghead of tobacco Monday and badly mashed. He is able to be cut but has to wear a soft shoe and limp.

MUCH DAMAGE

WAS DONE THE ROSENTHAL
STOCK.

Mr. Albert Rosenthal, of the Transval Cigar Co., over the Biederman Grocery & Baking Co. bakery on lower Kentucky avenue which burned last week, says that the report that his stock of tobacco and cigars was only slightly damaged is erroneous as the entire stock is a total loss from smoke.

The tobacco and cigars are all tainted with the smoke and are not worth the boxes they are in. The stock is valued at about \$800 and the fixtures about \$100. The fixtures are insured for \$100 but the stock for only \$400.

COL. MIKE JOHNSON

WAS TODAY APPOINTED CITY
WEIGHER BY THE MAYOR.

Mayor Yelzer this morning appointed Mr. M. W. Johnson, the former councilman, city weigher to succeed William Hestleton who died last night.

Mr. Johnson is a good man and will make the city an excellent officer. He has been associated with municipal affairs for many years and the work is not new to him. He went to work this morning immediately after being appointed. There is to be an election of a new weigher next month, the election being held annually.

HUNG JURY

IN A MAYFIELD MURDER CASE.

At Mayfield a jury is tied up in the case against Con Brooks for manslaughter. He is charged with killing Lon Holmes at Mt. Zion, Graves county, as a result of a boyish quarrel last Christmas.

The case was argued yesterday and given to the jury about 2 o'clock in the afternoon. It went to its room and at press time today had not reached a verdict. It is thought that there is no possible chance to reach a verdict and the jury will be discharged today at the adjournment of court unless some agreement has been reached.

This is about the most important case on the docket in Graves criminal circuit court.

Even if it is the best coal
you can buy for your money.

A little of it goes a long way.

Sturgis coal burns 15 per cent. longer than any other coal—because it contains no carbon.

It's the purest of soft coal, being mined in the famous Sturgis coal vein region.

It is screened three separate and distinct times before it enters your coal bin.

PAINTER GONE

And He is Alleged to Have Taken Other's Clothes.

Two Negroes Arrested For False Swearing This Morning.

A painter giving the name of Lancaster and several other names, is badly wanted by the local police. Lancaster had been boarding and rooming at the Kettler house on Third street near Clark, and in the same room slept Messrs. J. D. Monroe and M. H. Gordon. Last night the gentlemen retired and later Lancaster came in. This morning when the two gentlemen awoke they found Lancaster's clothes lying on the floor but a portion of theirs gone. From Monroe had been taken an overcoat, shoes and \$6 in money and a blue suit of clothes. From Gordon, Lancaster is alleged to have taken a hat. The union cigar makers' card of Mr. Monroe is also missing and it is presumed the man took this also.

Lancaster cannot be located and it is presumed has left the city.

The local police have received a warning from the National Hotel Keepers' Protective Association, of New York, to look out for R. C. Murphy, age 22, 135 pounds, 5 feet 10 and a half inches, light complexion, who has been drawing drafts on Messrs. Murphy, of New York and F. De Bary, of New York. He is not connected with either of the firms and if detected will be arrested and returned to New York, where he will be prosecuted.

Pete Bruce and Jim Atkins, colored, were arrested this morning on a warrant charging false swearing. Bruce was arraigned in police court this week for a breach of the peace and swore directly opposite to good, substantial witnesses. The court later learning that some of the testimony of Bruce and Atkins, the latter a witness, was false, issued the warrant. Bruce this week brought suit against the city for \$10,000 for working him on the streets.

RUNAWAY HORSE

THROWS MR. P. GLADFELTER OUT OF WAGON.

Mr. M. P. Gladfelter of the Morgan & Ballows blacksmith shops, narrowly escaped serious injury this morning about 9 o'clock in front of the city hall when the horse he was driving became frightened and ran away.

The horse dashed into another wagon, the hubs coming together. The horse immediately began to rear up and started running. The wagon was overturned, Gladfelter thrown out and alighted on his head.

He was rendered unconscious and was picked up by Policeman Cross and Orr and several bystanders. In a few moments he recovered and an examination proved his wounds slight. The wagon was righted and found to be undamaged and the horse escaped injury also.

The horse saw it was going to run into another wagon at the Grief blacksmith shops, and sat down sliding up to the wagon and barely grazing it with its nose.

TURKEYS SCARCE

MANY ARE HOLDING THEM BACK FOR BETTER PRICES.

Turkeys for Thanksgiving which will soon be in great demand, are plentiful in the country, but scarce in the city. The farmers are holding them, it seems, and are in no particular hurry to dispose of them until the prices are shoved up to the highest point.

This week the prices have varied. Turkeys on foot have been bringing from 12-12 to 15 cents gross, per pound, and dressed turkeys bring a little more. It is said that by Monday the farmers will begin bringing in their turkeys but the steady price is about 15 cents per pound on foot.
